

Length of Jacket	Dia of Jacket	Pit Depth ("A")	Base Plate Dia. ("B")
40"	14"	No Pit Required	30"
40"	18"	No Pit Required	36"
40"	24"	No Pit Required	42"
66"	14"	30"	20"
72"	18"	36"	24"
72"	24"	36"	30"

IMPORTANT NOTES

The above dimensions are for our standard size water jackets. If your water jacket size is not listed, please call us and we will be pleased to advise you on a floor plan and pit size.

Pit is shown 60" x 60". You may want to go larger for future expansion, or you may want to go smaller in size due to room size constraints.

Pit depths are predicated upon 12' height from floor to underside of I-beam. If I-Beam / ceiling are lower than 12', you may need to increase the depth of your pit.
